**PRICE-SENSITIVE INFORMATION
ANNOUNCEMENT PURSUANT TO RULE 13.09 OF THE LISTING RULES**

This announcement is made pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

Further to our announcement dated 12 April 2007, the board of Directors (the “Board”) of Solomon Systech (International) Limited (the “Company”, together with its subsidiaries shall collectively be referred to as the “Group”) wishes to remind the shareholders of the Company and investors that the Group’s results for the first half of 2007 will be substantially lower than that for the corresponding period in 2006.

Shareholders of the Company and investors are advised to exercise caution when dealing in the shares of the Company.

The substantially lower performance for the six months ended 30 June 2007 was mainly due to a roughly 20% decline year-on-year in shipment quantity of Solomon Systech Limited, the major subsidiary of the Company, and a continuous drop in the prices of its products during the six months ended 30 June 2007.

Further details of the Group’s results and performance will be disclosed when the interim results for the six months ended 30 June 2007 is announced.

The Group is principally engaged in the design and sale of display IC, a significant portion of which are supplied to mobile phone makers through display module makers. The Board considers that the overall operations of the Group as a whole remain sound and intact, and the financial position of the Group remains solid. With a view to diversifying the Group's business into non-mobile phone applications in the long run, the Board reviews the Group's business plan and monitors its progress regularly. The contributions from new customers and businesses are expected to be gradual.
