

SOLOMON SYSTECH LIMITED

Provide the Ultimate Silicon Solution for Every Display System

Solomon Systech Limited is a leading semiconductor company providing display integrated circuits (ICs) and system solutions internationally under its own global brand. Adopting a “fabless” business model, the Group specializes in the design, development and sales of proprietary ICs and system solutions which enable a wide range of display applications for smartphones, smart TVs and other smart devices including wearables, consumer electronics products, portable devices and industrial appliances.

Since its inception in 1999, the company has grown from strength to strength. Solomon Systech (International) Limited’s shares have been listed on the main board of the Stock Exchange of Hong Kong Limited since 8 April 2004 (stock code: 2878).

Proprietary Solutions Enable Smart Products For Today and Tomorrow

Smartphones

- Mobile TFT Display Driver ICs
- In-Cell Touch Display Driver ICs
- MIPI Bridge ICs
- PMOLED/ AMOLED Display Driver ICs

Smart TVs

- Large Display Source/ Gate TFT Display Driver ICs

Other Smart Devices

- PMOLED Display Driver ICs
- Bistable Display Driver ICs (E-paper)
- TFT Display Driver ICs
- MIPI Bridge ICs
- Graphic Controller ICs
- STN LCD Display Driver ICs
- OLED Lighting Driver ICs

SOLOMON SYSTECH LIMITED

Branded Clientele

Solomon Systech has many of the world's biggest labels as customers, including both brand owners and display module makers. Examples include:

Key Brand Owners

- Acer, ARCHOS, ASUS, Bayer, BOSE, Canon, China Electronics Corporation, Continental, Fitbit, Fujitsu, Garmin, Great Wall Technology, Huawei, HP, HTC, IBM, JNC, Lenovo, Lexmark, LG, Lumenmax, Motorola, Panda, Pantech, Pricer, Philips, Roche, RIM, Samsung, Sharp, Sony, TPV, 3M, Vivitek, Vodafone, ZTE, etc.

Key Display Module Makers

- AUO, BOE, Casio, Chimei Innolux, E Ink, Futaba, G-Plus, Giantplus, Japan Display, Kopin, LG Display, Nippon Seiki, Prime View International, Pioneer, RiTdisplay, Samsung Display, Sharp, SIM Technology, Tianma, Tovis, Truly, Visionox, Winstar, Wintek, Wisechip, Yeebo, etc.

Competitive Strengths

- Strong R&D with proven technological and applications know-how and a portfolio of core intellectual property in display IC technologies
- Comprehensive portfolio of products
- Close partnerships with global industry leaders
- Extensive global sales and distribution channel
- Excellent customer service and support
- Expertise in managing the supply chain
- "Fabless" business model, enabling better capital efficiency and faster market response
- Experienced management team

Major Achievements

- Accumulative sales >US\$1.7 billion
- Over 1.6 billion units of display ICs shipped
- The only supplier in the world providing a comprehensive range of display technologies
- Mobile display driver ICs: one of the first to start mass production of In-Cell Touch display driver ICs
- PMOLED display driver ICs ranked world's first supplier: with >50% market share; >500 million units shipped
- E-paper display driver ICs: world's first supplier
- Development and mass production of a variety of the world's first single-chip LCD drivers
- Garnered numerous awards and industry recognition
